

QUARTER HORSE OUTREACH PROGRAM – DRESSAGE HIGH POINT AWARD

The **Maryland State Quarter Horse Association Outreach Program** is designed to promote the quarter horse breed through educational, competitive, career, and recreational pursuits. The program spreads the word about the many fine qualities of the quarter horse at educational clinics, trail rides, competitive horse shows, horse expos, and annual **Outreach Quarter Horse Awards**.

Discipline Outreach Awards are given to recognize riders in the state of Maryland who appreciate the wonderful attributes, attitude, and abilities of the quarter horse breed. They encourage riders to ride and compete quarter horses in different equestrian disciplines than those seen at the American Quarter Horse Association sanctioned horse shows. An end-of-year Outreach Award is given to the horse and rider receiving the highest score attained by a registered quarter horse participating in a particular equine discipline.

The **Quarter Horse Outreach Program Dressage High Point Award** is presented during the PVDA Annual Awards Dinner. If you have ridden a registered quarter horse in recognized or schooling dressage show(s) during calendar year 2008, you are eligible for the award. You will need to submit a copy of the score sheet with the highest dressage score you have attained in calendar year 2008 and proof of quarter horse registration; the 2008 submission deadline is October 26, 2008. The horse/rider pair with the highest score will receive the award.
